Calgary, Alta.—A banquet was given by the Calgary Board of Trade to the Alberta grain and hay growers who swept the board at the recent International hay and grain show at Chicago. Alberta won more prize money at the Chicago exhibition than any other State in the Union or any other province in Canada, from a field of more than 1,500 entries.

Saskatoon, Sask.—Fifty-nine creameries were operating in the Province of Saskatchewan in 1922, according to the report of the secretary of the Saskatchewan Dairy Association. They manufactured 8,901,105 pounds of butter, an increase of nearly 2,000,000 pounds over the previous year.

Local Tottings

OF LOCAL INTEREST
• Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcomed by the Standard. Phone 17 or 48.

Mr. R. L. Stone, Roselind, is at present visiting in Red Deer.

Carbon people are to be afforded an opportunity of hearing the famous prohibitionist debater, Dr. Michael Clark, on Monday evening, March 5. Dr. Clark debated the subject of Prohibition in Calgary last night with Rev. Hugh Dobson.

A well-known local young man, Mr. D. A. Waddy, was married at Calgary on Wednesday last to Miss Josephine Taylor, of Regina, the ceremony being performed by Rev. McCharing Wilson. After their return the happy couple will give a reception at the home of Mr. and Mrs. R. A. Brown, and will then take up residence on the bridegroom's farm north of Strathmore.

The Standard would welcome correspondence from points in the Bow Valley unrepresented in our columns at present, such as Beiseker, Rossburg, Redland, Balmere, Standard, etc. We aim to make this a newspaper that will serve the interests of the whole district, and we can do this with your cooperation. Anyone who wishes to take up this interesting literary work should write us as early as possible.

Mr. Brown, who has been ill for some time, is now making a good recovery.

Miss Marjorie Carter is now back on the telephone staff, after an illness of over a month, and telephone patrons once more enjoy listening to her liquid tones.

St. Welch, the Ontario hockey star, visited Strathmore over the weekend. The infant daughter of Mr. and Mrs. S. J. Ferns, who has been seriously ill with pneumonia for some weeks past, is reported to be improving. Mr. Ferns' parents, Mr. and Mrs. B. Sims, of London, Ont., have been here since Thursday last.

Good prices were obtained at the feed sale conducted by Mr. A. Layton last Friday.

Mr. Bert Huffman launched a fiery diatribe against the medical profession in Monday's Calgary Herald. Mr. Huffman is qualifying as the modern Don Quixote of this part of the country, but as his literary style is very good, he being an old newspaper man, it makes better reading than that of some other newspaper correspondents. Mr. Huffman, possibly has been wearing spectacles of the type alleged to have been possessed by one of the men whose cause he is championing as a cure for diphtheria, in a case at present before the Calgary courts, but Bert doesn't look at all like the letters he writes, and he probably has found an amusing way of filling in his winter evenings.

At the same time, point is given to Mr. Huffman's accusations that the profession is a close trade union by a notice that appeared in the city papers some weeks ago advising physicians not to accept positions in R.C.s, as there was a dispute on their affecting the rates paid the profession.

Trail Rangers Entertained

The Strathmore "Troopers" Trail Ranger Camp was entertained in very hospitable fashion Thursday evening, February 22nd at the home of Mrs. Frohberger. There were twenty-four Trail Rangers present. In the absence of the Chief Ranger, who was ill, the chair was taken by the Deputy, Ed Colburn. The regular order of business was followed through. Devotion at period was conducted by Dick Cleave with several prayers taking part, the subject being "A Hero." In the next period several rangers made speeches on the "Public Speaking" subject. Following this a most enjoyable lunch was served by Mrs. Frohberger, assisted by Hazel and Pansy. The boys enjoyed the block with sand and with their yells. There was a vote of thanks to Mrs. Frohberger and three cheers and a Tiger as well, and dismissal took place at 2:30. Such events help very much in the boys' work of our church life, and the Mentor, Mr. Rowe would like to thank Mrs. Frohberger most sincerely for such a treat to the boys.

MEMORIAL HALL FINANCES

One of the former members of Strathmore G.W.V.A. stated at the recent meeting of the Association that some of the people in the country had an idea that the G.W.V.A. was making a good thing off the hall, and that someone had actually asked him how much he got every three months. The actual figures in reference to the hall were given some months ago in the Standard, but some people pay very little attention to figures, often to their own sorrow. The financial position of the hall at present is that the debt is fully \$5,000, \$3,500 of which is secured by mortgage, while the balance consists of amount still owing the contractor, \$250 loaned by two members of the association on a six-month note, and \$250 owing the bank on account of furnaces, and backed by the Association. To offset this the Association hold a property worth \$17,000, but all receipts above expenses are being applied to the liquidation of the floating indebtedness and the payment of interest on the mortgages. The only wages paid in connection with the hall are \$2.00 per hour when the hall is used, to the janitor. The other work is done voluntarily by members of the Association. The hall is not a convertible asset, the title being vested in the G.W.V.A., but with the provision that if anything happened whereby the Association could not retain it, it would become the property of the Town of Strathmore and M.D. Bow Valley. There is a prospect that in July another \$1,000 can be secured by mortgage, which leaves a balance of \$500, which should be liquidated at the same time, and this would make the operation of the hall a much simpler matter.

The ideal position for a memorial is that it should be free of debt, and while it will take several years probably to achieve this, yet there are a number throughout the district who promised contributions, but have not yet implemented these promises, probably owing to obligations. The receipts of these would make a difference in the debt outstanding. Meantime, however, the veterans deserve all the support they can get, both in Strathmore and the district tributary, and a movement is on foot at present to secure more public co-operation in the management of the building, which is a public utility of inestimable value.

THE DUKE OF YORK'S WEDDING

The suggestion that Strathmore should be represented in some way at the forthcoming marriage of the Duke of York to the daughter of the Earl of Strathmore has taken hold, and one local organization at least, is preparing to send an address of congratulation to the happy couple. It is likely that the proposal to send a wedding gift will come up at an early meeting of the Town Council or Board of Trade.

The whole suggestion, of course, is largely a matter of sentiment. It probably was a matter of sentiment that prompted some Scotch engineer at the time the C.P.R. was built to name the site of this town as Strathmore after his home in Scotland. If it were not for sentiment this town might be named 1347 or something like that.

A very pleasant custom has developed within the last few years of exchange of flags, etc., between schools in towns bearing similar names within the confines of the British Empire.

It is not the intrinsic value of the proposed gift that would make it appeal strongly to the bride and bridegroom and to the British public, but the fact that it came from a community 5,000 miles away from the seat of Empire.

The suggestion has been jokingly made that after the wedding Strathmore would receive some sign of royal regard, and one of our prominent citizens might be dignified with a title. The title of Earl of Strathmore has been already pre-empted by the holder in Scotland, but it would be a red letter day in our history if our worthy Mayor was to receive a royal patent conferring on him the title of "Baron Bell of Bow Valley," or some other euphonious handle to his name.

After all, why is it that this country and the States are overrun with Exalted Potentates, Illustrious Knights, Noble Grands, and so forth? It is a failing of human nature, but not an unworthy one. The average man, though he may subscribe to the teachings of Darwin, does not usually regard himself as a worm, and if his fellow lodge members stick a title on him, or some organization is started where, for the payment of \$250 or \$100, he can become a knight or a potentate, he pays up and enjoys it.

A Testimonial

The following is an extract from a letter received by the secretary of a nearby Municipal District from the secretary of another Municipal District further distant:

Dear Sir: February 22, 1923
Your auditor's reports as printed appear to be very well done and we would consider it a great favor if you could send us a copy and let us know the approximate cost of same, also who printed them."

The report alluded to was printed by the job department of the Strathmore Standard, as we were pleased to be able to inform this secretary. Details supplied on request.

WE SELL SERVICE

We take pride in the quality of the work we turn out in our well-equipped plant at Strathmore, and our prices will compare favorably with those of any reputable firm in the West.

Mail order work is given special attention. Every kind of commercial printing is handled at our office.

GET OUR QUOTATIONS FIRST

Don't be fooled on prices quoted to you by canvassers, as printing is a manufacturing process, and comparisons are hard to make, unless you are an expert buyer. One kind of paper may cost five times as much as another, and a quotation on 1,000 is no indication of the price on 2,000, as the effects of composition, etc., do not apply to the extra quantities. Again, you do not pay sales tax or express charges when you buy from us.

WILLARD MACK'S FATHER DIES AT ROSEBUD RANCH

John McLaughlin, father of Willard Mack, the famous author and playwright, died at his farm at Rosebud, Alberta, Wednesday evening at the age of 75 years. His wife and two sons, Willard McLaughlin (Willard Mack), and Angus McLaughlin, were at his bedside when he passed away.

The late Mr. McLaughlin was one of the best known farmers in the district. He was born in Glasgow, Ont., in 1848. While still a young man he came to New York City and then to Iowa, where he married Miss Agnes Murray. He came to Canada early in 1890 and worked as a contractor during the construction of the Hudson dam. In 1914 he moved to Rosebud, Alberta, where he purchased a ranch, remaining there until his death.

IRRIGATION COUNCIL REPORT

Water will be available in the spring on two of the irrigation projects in southern Alberta, namely the Leche-Brown and the United, according to the annual report of the Irrigation Council of the province. Considerable work is now being done towards colonizing the surplus lands in these districts. A total of 40,000 acres of land has been listed at prices ranging from \$15 to \$50 an acre. The council has a mailing list of 8,000 in the colonization work and have already received more than 400 enquiries for land. Twenty prospective settlers have been shown over the projects.

INCREASE IN SUBSIDY

According to figures published from Ottawa, Alberta receives a slightly increased subsidy from the federal government during the coming year. The amount to be received is \$1,628,628, an increase of \$7,562.

Banff Carnival

Ten days of every variety of winter sport with the climax of one hundred mile championship dog and prize race and buffalo barbecue, the programme of the Banff winter carnival which takes place from February 24th to March 6th. These added to the fact that the Tremble-Martin Motion Picture Producing Company has placed its outfit of one hundred flasks, seventeen police dogs, members of the famous "Blue Dog" "Stroghart" and his brother-in-law "Jelly," and several packs of wolves, at the disposal of the carnival committee, make this event one of the most unique and interesting that has ever been chronicled in the history of Canadian winter sports. Nature too, has taken a master hand in preparing a marvellous setting for the carnival. Banff, the great national playground, set like some exquisite jewel in a crown of towering mountains, to many, is more attractive than ever in her winter dress of dazzling snow. William F. Woodman, the famous actor who visited Banff last week, remarked: "I've been in the Alps and Pyrenees, but I have never seen anything that can compare with Banff, the St. Moritz of America."

HERVY NEWS

The election on Saturday last in district No. 6, so far as can be learned, was fairly well attended, but with very little excitement, except on the last vote was cast.

The Staden car seemed to break down and went over an embankment of about twenty feet and into a ditch at the Stader place, but no harm was done except to the car.

Mr. J. Shober and J. P. Lowy made a trip to Calgary on Thursday, February 22, returning on Friday evening. Mr. Shober was accompanied by his wife and then by "Shanks horse" as "Liz" last one of her proprietors, however, the ride with her moonlight gave a very amusing scene.

Antony, D. Vank had a narrow escape when his load of green feed fell off a steep embankment and killed the team with it. His salvation was a barbed wire fence.

On Tuesday evening the residents of the district decided to have a gathering and evening amusement, and he took themselves to the home of Mr. and Mrs. Tate, where a royal time was had.

INVESTIGATE CALGARY HOSPITAL

Arthur K. Whiston, supervisor of investigation of hospitals for the municipal government, is to make a thorough investigation into the hospital department of Calgary, city, following an arrangement made between the minister of health, Hon. R. G. Reid, and Mayor George Webster, of Calgary.

Mr. Whiston's services have been available to Calgary, just as they were made available to the city of Red Deer last year, by consent of the minister of health, and on application of the city authorities. Mr. Whiston is a non-medical hospital expert who has had charge of the organization of the municipal hospitals since the inception of the system.

For some time affairs of the hospital department of the city of Calgary have been the subject of serious consideration by the authorities of Calgary. The cost of the four hospitals operated by the city of Calgary during the past year was over \$200,000, in excess of the receipts.

WHATSOEVER.—Whosoever ye shall ask in my name, that I will do.—John 14:13.

March 2
DO NOT LOOK BACK.—No man, having put his hand to the plow, and looking back, is fit for the kingdom of God.—Luke 9:62.

March 3
WHOM SHALL I FEAR?—The Lord is the light of my salvation; whom shall I fear? The Lord is the strength of my life; of whom shall I be afraid?—Psalm 27:1.

March 4
YE HAVE DONE IT UNTO ME.—And the King shall answer and say unto them, Verily I say unto you, Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me.—Matthew 25:40.

March 5
THE MISSION OF JESUS.—The Spirit of the Lord is upon me, because he hath anointed me to preach the gospel of the poor; He hath sent me to heal the brokenhearted, to preach deliverance to the captive, and to opening of sight to the blind, to set at liberty them that are bruised.—Luke 4:18.

March 6
WALKING IN THE LIGHT.—Then shall ye again unto them saying, I am the light of the world; he that followeth me shall not walk in darkness, but shall have the light of life.—John 8:12.

Lethbridge, Alta.—Farmers in South Alberta are again becoming interested in sugar beets. Several years ago a sugar factory was set up at Raymond and a good deal of money spent trying to establish the industry. It failed for a number of reasons, one of which was at that time the labor necessary for taking care of sugar beets was not available in Southern Alberta. There is prospects of the industry being revived.
